| 4 | Update on January 2024 FYSPRT Family Fun event planning. | <ul style="list-style-type: none"> ✓ Sam led off providing an overview of the event set up and layout of the room. A group of approximately 20 people were waiting to be let in at 12:30. We had a total of 47 people attend, 26 youth and 21 adults, 45 snow globes were made, a table full of snacks were consumed. Many conversations about FYSPRT were had. The vast majority of attendees were residents of either Quilcene or Brinnon and many commented about having received the event flyer that went home in student’s Thursday folders. Nicole commented on being able to connect with everyone as they arrived at her table so she could add the water solution to their snow globe. The facility manager was very engaged in our event and assisted us with clean up at the end. Attendees were informed that they can receive compensation for attending FYSPRT events and many were provided with a W-9 and information how they can submit for compensation. We had 5 Tri-Leads in addition to the Convener at the event. This was our most attended FYSPRT Family Fun event so far and inspires us to continue. As a direct result of the Jan 27th event we had 4 new family members attend today’s meeting. | |
