

Salish Behavioral Health Administrative Service Organization

**Family Youth System Partner Round Table (FYSPRT) Meeting Minutes**

May 18, 2020 3:00 – 5:00 PM  
Virtual Meeting (Zoom)

1. Introductions: 24 individuals attended this meeting, attendance is identified in the following categories:

Youth /Family/Lived Experience	System Partners	Tri-Leads
4 (17%)	20 (83%)	2
Total Attendance		24

2. Introductions were completed, adhering to an alphabetic approach based on attendee’s first names, this system seems to work sufficiently with a Zoom meeting. This takes some time but gives everyone an opportunity to know when they should chime in, hopefully without talking over others. People seem to be getting more familiar with various features such as mute, chat, and sharing screens.
3. A review of the agenda was completed.
4. Sam shared with all attendees about the Salish FYSPRT website and invited all to visit and explore the site at [www.salish-bhaso-fysprt.org](http://www.salish-bhaso-fysprt.org)
5. Ahney King shared a recent event that seems to be affecting many people currently, that of a false unemployment claim being filed in her name, and the resulting effort and coordination required to interrupt and reverse the situation. Several others in the meeting (from KMHS) indicated they too had similar experiences recently.
6. Ahney informed attendees that Coordinated Care has PPE available to share with agencies that may need some. If contacted Ahney will assist those in need with information on how they can obtain the PPE.

7. Turk Clover from United Health Care provided a presentation about the UHC MCO. She provided a PowerPoint presentation and covered several informational items including assistance with Tobacco Cessation, and a Substance Use Disorder (SUD) helpline. Turk discussed UHC efforts regarding a “Medicaid 101” class which identifies a target audience of those transitioning out of jail. This class focuses on assisting participants in navigating their own Medicaid eligibility. The length and involvement of the class is individualized to the participants needs.
8. Jolene Kron (SBHASO) discussed BHASO efforts to resolve outstanding stipend and travel reimbursement for Youth/Family/Tri-Lead members of Salish FYSPRT. Reimbursements will be provided via TC-50 submissions to Salish BHASO. Sam will follow up with individuals eligible for stipend/reimbursements as soon as possible.
9. Upcoming events were discussed:
  - a. State quarterly FYSPRT is scheduled for June 4<sup>th</sup>, via Zoom.
  - b. WISe Symposium July 21<sup>st</sup> and 22<sup>nd</sup>, via Zoom.
10. Ahney informed attendees of an upcoming Juvenile Justice re-entry simulation that offers opportunities to listen and participate by asking questions. Parents, youth, family can all participate.
11. Susan Wood, parent/family member with WISe lived experience shared and offered some meaningful feedback from her own WISe experiences with her two boys. She shared about how early in WISe services there was a lot of counselor turnover but how that changed over time. She offered some very supportive comments regarding the care and assistance her family received. She especially complimented the WISe service providers from KMHS (Sarah Myers). Susan also offered that she is a member of a “Moms Group”, a group of other Mother’s who’s families have utilized WISe services. Overall Susan’s comments were very encouraging and supportive of the staff that assisted her family with WISe services and her kind words were likely very appreciated by WISe services staff.
12. The meetings lasted until just before 5:00 PM. There was quite a lot of conversation today regarding the multiple topics.
13. Next meeting of Salish Regional FYSPRT is scheduled for June 29<sup>th</sup>, 2020, 3:00 – 5:00.
