

Salish Family, Youth, and System Partner Round Table

Policies and Procedures

Individuals living or working in Clallam, Kitsap, and Jefferson counties who work with and/or are concerned with the behavioral health care of children and youth in the area are eligible members for Salish FYSPRT. Any of said community members who participate in Salish FYSPRT, by physically attending meetings, calling in to meetings, or corresponding with Salish FYSPRT leaders are viewed as being a part of Salish FYSPRT, and are accorded the right to steer the conversation, give input, and vote on matters that arise at meetings.

Salish FYSPRT leadership consists of coordinators, a convener, and a designated Salish BH-ASO member, along with the Tri-Leads. Ideally, there will be two Tri-Leads from each of the following groups: System Partners, Family of WISe service recipients, and Youth with experience in the behavioral health system.

The leadership team decides on the agendas for meetings, with the input of other Salish FYSPRT members. Formal meeting agenda will be available before and at the monthly regional meetings.

All members of the Salish FYSPRT are to be treated equally and with respect. The opinions, votes, and ideas of each member will be considered equally by the membership as a whole.

The Salish FYSPRT would like to reach a general consensus from the membership when making decisions. When a consensus is not able to be reached, each FYSPRT member in attendance will vote. One designated person will count the votes in order to determine the majority vote.

Salish FYSPRT shall not endorse any for-profit enterprise.

Participants have the right of confidentiality during meetings, with the understanding that the meeting will be minuted. If they want to ensure that their comments will not be noted in the minutes, they must make their request within 24-hours of the meeting's adjournment.
